Bounty Hunter is a fast-paced, action-packed first person shooter which brings the iconic universe of the Nomad video game to life in stunning detail for the first time ever! With seamless multiplayer, user-generated maps, incredible gun customization and engaging missions, Bounty Hunter is the most authentic and ambitious take on the classic multiplayer shooter series yet! Key features: Seamless offline and online gameplay: No need to wait for a match. Start a game where you want, play for as long as you like, and choose from multiple game modes including Deathmatch, Team Deathmatch, Capture the Flag, Holdout and more! User-generated maps and custom games: The official servers will host maps created by fans, but you can also play user-generated maps, like the single player campaign, custom games created by teams of custom map makers, and more! Unique customization system: Weapons, attachments and more all have an impact on how you play. Customize your character the way you want to with the robust and intuitive customization system. Incredible gun customization: Starting from the weapon itself, to all the attachments and upgrades, you'll be able to modify your weapons in hundreds of ways. Give your weapon a unique look and feel or pick up some small improvements for survivability. Modules like the Ammo Clip or the Suppressor will make your weapon even more effective. Engaging Missions: Step into the boots of Nomad: a highly trained and seasoned professional of the Bounty Hunter trade. Play missions designed by fans or take a look at our massive modding tools to create your own missions and playlists. Multiplayer with social features: Connect with friends and other players to do battle in multiplayer matches. Or hang out and play custom games with friends, like deathmatches or Capture the Flag. New interface and controls: The new interface is the result of the overwhelming response to the beta. We took your feedback and focused on making the controls as intuitive and responsive as possible.u L e t a = - 2 2 7 8 - - 4 5 5 5 / 2 . W h a t i s t h e n e a r e s t t o 1
